

We encourage people to take up football and help organise Inter IIT coaching sessions, NSO sessions, football league and many other football related events. What sets our club apart is our strong team-spirit, dedication, the amazing bonding and the constant on-field banter we indulge in. This team shares a bond like no other, both on and off the field. Join the team and learn how to score spectacular goals and make stunning saves. Together, let's make this excellent sport flourish even further and take it to new heights. Playing football with your feet is one thing, playing football with your heart is another!
